

## HOUSE BILL NO. 2

INTRODUCED BY JONES

BY REQUEST OF THE OFFICE OF BUDGET AND PROGRAM PLANNING

A BILL FOR AN ACT ENTITLED: "AN ACT APPROPRIATING MONEY TO VARIOUS STATE AGENCIES FOR THE BIENNIUM ENDING JUNE 30, 2023; AND PROVIDING AN EFFECTIVE DATE."

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

NEW SECTION. **Section 1. Short title.** [This act] may be cited as "The General Appropriations Act of 2021".

NEW SECTION. **Section 2. First level expenditures.** The agency and program appropriation tables in the legislative fiscal analyst narrative accompanying this bill, showing first level expenditures and funding for the 2023 biennium, are adopted as legislative intent.

NEW SECTION. **Section 3. Severability.** If any section, subsection, sentence, clause, or phrase of [this act] is for any reason held unconstitutional, the decision does not affect the validity of the remaining portions of [this act].

NEW SECTION. **Section 4. Appropriation control.** An appropriation item designated "Biennial" may be spent in either year of the biennium. An appropriation item designated "Restricted" may be used during the biennium only for the purpose designated by its title and as presented to the legislature. An appropriation item designated "One Time Only" or "OTO" may not be included in the present law base for the 2025 biennium. The office of budget and program planning shall establish a separate appropriation on the statewide accounting, budgeting, and human resource system for any item designated "Biennial", "Restricted", "One Time Only", or "OTO". The office of budget and program planning shall establish at least one appropriation on the statewide accounting, budgeting, and human resource system for any appropriation that appears as a separate line item in [this act].

NEW SECTION. **Section 5. Appropriation control.** The office of budget and program planning shall establish a separate appropriation on the statewide accounting, budgeting, and human resource system for the funding included in each executive branch agency's budget to pay fixed cost allocations for the state information technology services division of the department of administration. The appropriations must be designated as restricted.

NEW SECTION. **Section 6. Program definition.** As used in [this act], "program", which has the same meaning as defined in 17-7-102, is consistent with the management and accountability structure established on the statewide accounting, budgeting, and human resource system, and is identified as a major subdivision of an agency ordinarily numbered with an Arabic numeral.

NEW SECTION. **Section 7. Personal services funding -- 2025 biennium.** (1) Except as provided in subsection (2), present law and new proposal funding budget requests for the

1 2023 biennium submitted under Title 17, chapter 7, part 1, by each executive, judicial, and legislative branch agency must include funding of first level personal services separate from funding  
2 of other expenditures. The funding of first level personal services by fund or equivalent for each fiscal year must be shown at the fourth reporting level or equivalent in the budget request for  
3 the 2025 biennium submitted by November 1 to the legislative fiscal analyst by the office of budget and program planning.

4 (2) The provisions of subsection (1) do not apply to the Montana university system.

5 NEW SECTION. Section 8. Budget amendment eligibility. If a state special revenue fund is specifically identified and referenced in [section 11] and eligible for budget amendments  
6 in the 2023 biennium, the base budget for the 2025 biennium will be established using the higher of the fiscal year 2023 biennium appropriation in House Bill No. 2 or the fiscal year 2022 actual  
7 expenditure level to include expenditures associated with budget amendments as defined in Senate Bill No. 191.

8 NEW SECTION. Section-8: 9. Totals not appropriations. The totals shown in [this act] are for informational purposes only and are not appropriations.

9 NEW SECTION. Section-9: 10. Effective date. [This act] is effective July 1, 2021.

10 NEW SECTION. Section-10: 11. Appropriations. The following money is appropriated for the respective fiscal years:

6 All appropriations for the Public Defender Division, Appellate Defender Division, Conflict Coordinator Division, and Central Services Division are biennial.

7 ~~The Public Defender Division, Appellate Defender Division, Conflict Coordinator Division, and Central Services Division include a one-time-only reduction in FY 2022 for a 2-month~~

8 ~~suspension of contributions to the state group benefit plan. The reduction is contingent on the passage and approval of SB 110.~~

9 Case Management System funding in FY 2023 is contingent on the Office of State Public Defender implementing a time keeping system in FY 2022 and using the time keeping system

10 to update their caseload hours.

11 It is the intent of the legislature that the Office of State Public Defender report each quarter of FY 2022 and FY 2023 to the Office of Budget and Program Planning on the number of

12 new cases filed and the number of cases worked on by Office of State Public Defender employees. Cases worked on are defined as follows:

- 13 A case was opened.
- 14 An Office of State Public Defender employee charged time directly related to the case.
- 15 An Office of State Public Defender contractor submitted a valid and approved claim for work related to the case.
- 16 Two or more of the following events took place during a calendar month:
  - 17 the case was in an open status;
  - 18 the case went from inactive status to closed status;
  - 19 an Office of State Public Defender employee generated a document related to the case; and
  - 20 a noncontinued, nonvacated court or client-related event took place.

21 Caseload growth contingency may be expended only after the budget director certifies that the number of cases worked on meets or exceeds 0.5% growth as compared to the same

22 quarter in the prior fiscal year. The amount of funding available each quarter is limited to \$49,332 in FY 2022 and \$50,723 in FY 2023.

All appropriations for the Probation and Parole Division, Secure Custody Facilities, and Clinical Services Division are biennial.

~~If, through the Legislative Audit Division process for establishing performance audits, a performance audit for the Department of Corrections is prioritized, the Legislative Audit Division shall contract with an educational organization that has developed audit tools that measure correctional programs content and capacity and that works with the Department of Corrections.~~

If, through the Legislative Audit Division process for establishing performance audits, a performance audit for Department of Corrections evidence-based programs is prioritized, the Legislative Audit Division shall contract with an educational organization that has appropriate subject matter expertise to provide specialist services as part of the audit.

~~The Director's Office, Probation and Parole Division, Secure Custody Facilities, Montana Correctional Enterprises, Clinical Services Division, and Board of Pardons and Parole include a one-time-only reduction in FY 2022 for a 2-month suspension of contributions to the state group benefit plan. The reduction is contingent on the passage and approval of SB 110.~~

~~If SB 19 is passed and approved, the Montana Board of Crime Control and its funding is moved from the Department of Corrections to the Department of Justice.~~

It is the intent of the Legislature that offender placement be based on a risk and needs score and offender risk to the community. The department may not place offenders based on an ASAM score and shall primarily rely on the risk and needs assessment and the underlying offense when placing offenders. In placing offenders in treatment facilities, the department shall rely on risk and needs assessment tools and the underlying offense. Behavioral health assessment tools will be used to determine an offender's treatment dosage and needs.

It is the intent of the Legislature that the department "pre-screen" offenders for an appropriate correctional placement. Pre-screening is not required for offenders who have a plea agreement for a suspended or deferred sentence, a prison commitment, or when no PSI is ordered. Contracted treatment and pre-release centers should simultaneously screen an offender's application. The department shall provide a sentencing recommendation to the court that is based on the risk and needs evaluation of the offender and considers input from the other interested parties and the underlying offense. It is the intent of the Legislature that these sentencing recommendations do not bind the judicial branch. Pre-screening and providing placement
